AGMATINE Q10™

Nitric Oxide Pump · Cardiac Support
With Kaneka QH™ Ubiquinol

- **Dramatic & Long Lasting Nitric Oxide Pump**
- **Xtreme Endurance, Recovery & Performance**
- **Increase Lean Muscle & Decrease Body Fat**
- **Helps Offset Pain Associated With Overtraining**
- **With KanekaQH™ Bio-Identical Ubiquinol**
- **Active More Absorbable Form of CoQ10**
- **Powerful Antioxidant & Cardiac Support**

AGMATINE is a byproduct of the amino acid arginine, and works through stimulating the release of pituitary hormones, including Luteinizing Hormone (LH) and Growth Hormone (GH).

- Agmatine also increases Nitric Oxide (N.O.) through two pathways – by stimulating the release of Nitric Oxide, while also inhibiting types of Nitric Oxide Synthase (enzymes that break down N.O.).
- Agmatine improves endurance, recovery and enhances performance.
- Agmatine produces dramatic and long lasting pumps, and improved overall body composition including increased lean muscle and decreased body-fat.
- Agmatine may actually help offset the pain associated with overtraining.

KANEKA QH™ is the first supplemental form of bio-identical ubiquinol ever developed. Ubiquinol, the active anti-oxidant form of CoQ10, is essential to the body's natural production of cellular energy and provides powerful antioxidant protection to cells. Without it, the body cannot sustain energy. The body's ability to naturally produce this vital nutrient is diminished over time.

- Supplementing with KanekaQH™ is ideal for those with reduced ability to convert CoQ10 into ubiquinol since it is reduced and ready for use in the body's cellular energy production process.
- Kaneka QH™ is more absorbable than CoQ10, which means that optimal levels of CoQ10 can be restored quickly and efficiently, especially in those who are over 40 or are affected by certain age-related conditions.

SUPPLEMENT FACTS

Serving Size: 2 Capsules
Servings Per Container: 60

Amount Per Serving		% Daily Value
Agmatine Sulfate	1,000 mg	*
Ubiquinol (Kaneka QH™) (Reduced Form CoQ10)	100 mg	*

* Daily Value not established

Other Ingredients: Gelatin, Rice Flour, Magnesium, Stearate, Silicon Dioxide, Water.

Does not contain any of the eight major allergens. Produced in a facility that processes eggs, soy, wheat, fish, shellfish, tree nuts, and dairy products.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Warning: Do not use if you are pregnant or nursing a baby. Consult with a physician if you have any known or suspected medical condition. Keep out of reach of children. Store in a cool, dry place away from moisture, sunlight and excess heat. Always keep tightly sealed.
