## Xtreme Liver Support

- **Xtreme Liver Support**
- **21 Clinically Proven Ingredients**
- **Superior Liver Enzyme & Function**
- **L-Glutathione Enhanced Protection**
- **1,640mg of Antioxidant & Detoxifying Compounds**

**Milk Thistle Seed** (Silybum marianum): Supports and maintains the liver from toxic chemicals and medications and greatly improves it's function.

**Alpha Lipoic Acid** binds with free radicals in a lean liver or in a fatty liver, and can confer free radical protection. It restores liver enzyme levels back to normal.

**Artichoke Leaf** (Cynara scolymus): Increases bile production, supports healthy cholesterol, promotes urination, and stimulates appetite. It protects and regenerates the liver helping to detoxify many toxic substances.

**Turmeric Root** (Curcuma longa): A powerful antioxidant aids liver function primarily by reducing damage caused by the free-radical oxidation generated during metabolism.

**Dandelion Root** (Taraxacum officinales): Cleanses the liver by increasing bile production and bile flow in the liver which transports toxins out of the body. It helps flush foreign particles from the gallbladder.

**Green Tea** (Camella sinensis): Blocks the amount of fat stored in the liver. It enhances the rate fat is used for energy by the liver and blocks fat synthesis in the liver. It reverses declines in antioxidant defenses in the liver.

**Phosphatidycholine** Protects against damage from alcoholism, pharmaceuticals, pollutant substances, viruses, and other toxic influences.

**Quercetin** is a powerful flavonoid antioxidant and free radical scavenger, helps fight inflammation and decrease cellular damage.

**Resveratrol** is a powerful antioxidant and agent that supports healthy liver function.

**N Acetyl Cysteine** protects against age-related decline of oxidative phosphorylation in liver mitochondria, protecting the liver from heavy metals like lead and mercury. It increases liver blood flow and improves liver function.

**L-Glutathione** is the major antioxidant produced by the cells, participating directly in the neutralization of free radicals and reactive oxygen compounds, detoxifying many Xeno-biotics (foreign compounds) and carcinogens, both organic and inorganic.
