UNLEASHED™

Pre-Training Performance & Xtreme Recovery

- **Pre-Training Nitric Oxide Performance**
- **Rapid Repair of Damaged Muscle Tissue**
- **Increased Endurance & PH Balanced**
- **Replenishes Essential Anti-Oxidants**
- **Restores Blood Sugar Levels**
- **Low Carbohydrate & Calorie**
- **Great Taste!**

Unleashed™ is specially formulated for elite fighters and performance athletes requiring peak energy and endurance and to repair damage specific to high intensity training.

Kre-Alkalyn® Patented PH-Correct™ Creatine is 100% stable, will not breakdown into Creatinine, and will absorb efficiently into the bloodstream. Each 1 gram of Kre-Alkalyn® is equivalent to ingesting 10 grams of creatine. No more puffy bloating, painful cramps or the hassles of loading and cycling thanks to PH-Correct™ technology!

AjiPure™ Instantized Branched Chain Amino Acid speeds muscle recovery. AjiPure™ IBCAA is the result of unique production technology allowing it to dissolve more quickly in water and become available in the body more rapidly. Contains 100% non-animal-origin ingredients and 99-100% purity.

Agmatine Sulfate is a byproduct of the amino acid arginine, and works through stimulating the release of pituitary hormones, including Luteinizing Hormone (LH) and Growth Hormone (GH).

- Agmatine also increases Nitric Oxide (N.O.) through two pathways – by stimulating the release of Nitric Oxide, while also inhibiting types of Nitric Oxide Synthase (enzymes that break down N.O.).
- Agmatine improves endurance, recovery and enhances performance.
- Agmatine produces dramatic and long lasting pumps, and improved overall body composition including increased lean muscle and decreased body-fat.
- Agmatine may actually help offset the pain associated with overtraining.
